

WINDOWS
AND DOORS

3540 Vinyl Single-Hung Window

The 3540 vinyl high-performance single-hung window is a homeowner and contractor-friendly window that offers handcrafted quality, exceptional durability, and optimal energy efficiency. With standard features that include a tilt-in sash and warm-edge spacer system, the 3540 window is designed to add convenience and performance to any newly built or renovated home. Additional reinforcements in the sash, heavy-duty weatherstripping, and a surface-mounted tilt latch further enhance the dependability of the 3540 single-hung, making it a high-performance option for the most demanding projects.

FEATURES

- Welded multi-chamber mainframe design
- Dual-pane insulated glass
- 2 7/8" frame depth

PERFORMANCE FEATURES

- Warm-edge spacer system maximizes energy efficiency and improves seal performance of insulated glass units
- Welded, multi-chambered frame and sash for superior strength and energy-efficiency
- Heavy-duty weatherstripping for protection against wind, rain, dust, and noise
- Additional metal reinforcement in sash stiles

SIZINGMINIMUM & MAXIMUM
(available in 1/8" increments)

- 13"-48" wide x 24"-96" high
- 48"-52" wide x 24"-84" high

**ENERGY-EFFICIENT GLASS PACKAGES**

Our **dual-pane** insulated glass package options help save on heating and cooling costs while enhancing home comfort

- **In cool weather**, insulated glass provides outstanding thermal performance to keep interior glass surfaces closer to room temperature, eliminating cold spots near windows
- **In warm weather**, it helps reduce solar heat gain and minimize glare to improve interior comfort
- Able to meet **ENERGY STAR®** requirements in North-Central, South-Central, and Southern climate zones
