Coastal Impact | Doorglass

Turning your house into a home

Established in 1982, Novatech has become a leading name in the window and door industry. With a workforce of over 1,500 employees, 16 manufacturing facilities, and five distribution centers across North America, we are dedicated to delivering innovative and sustainable solutions for the residential, commercial, and institutional markets.

At Novatech, we aim to create curb appeal and compliment entryways with intriguing textures, resulting in designs that not only provide privacy but also

add depth and richness to your spaces. Our commitment to blending style and innovation ensures that our products stay ahead of the trends in a rapidly changing market.

In this catalog, you'll find a wide range of doorglass designed to suit every style and personal taste, with options that offer varying levels of privacy. Explore our collection and discover how the perfect doorglass product can transform your home.

Hurricane impact

Living near the coast means preparing for powerful storms is part of everyday life. When severe weather strikes, your home deserves protection you can rely on.

Our impact-resistant doorglass is engineered to stand up to coastal conditions—helping safeguard your home from windborne debris—while elevating your entry with timeless style. Designed to meet stringent coastal building requirements, each piece combines strength, durability, and beauty, so you never have to choose between safety and curb appeal.

With impact doorglass at your entryway, you gain lasting protection, enhanced security, and the peace of mind that comes from knowing your home is ready for whatever the coast brings.

Hurricane impact

High velocity hurricane zone (HVHZ) approved doorglass

Built for strength and durability, our impact-resistant doorglass offers unparalleled protection against flying debris, extreme winds, and weather damage. Keep your family safe while enhancing your home's security and energy efficiency. Perfect for residential homes in hurricane-prone areas.

Satisfies these requirements

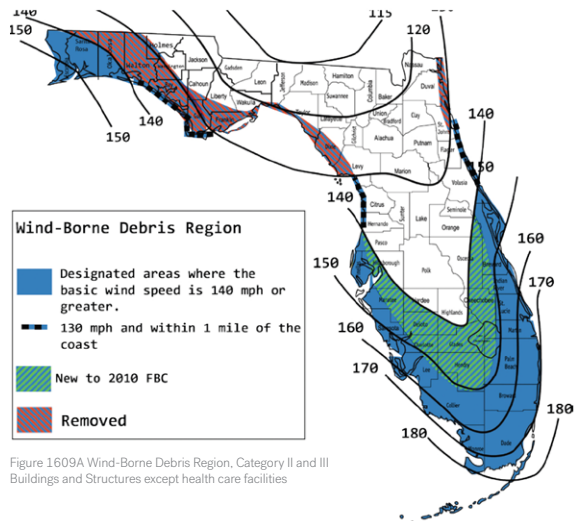

- Meets high velocity hurricane zone #FL15419 (www.floridabuilding.org)
- Design pressure and wind and missile impact code requirements for HVHZ areas
- Laminated glass tests (ASTM C11172)
- Added value of noise reduction

Shaker impact frame Features & benefits

- Missile impact tested and approved
- Attractive smooth vinyl frame, ideal for beautiful homes
- First impact frame to market without visible screw holes
- Snap-on cap covers all screws fits 2'6", 2'8" and 3'0" doors with normal cutouts
- Eliminates the need for hurricane shutters

Florida wind-borne debris region

Doorglass

Adding doorglass is a great way to customize your front door and bring natural light into your home. Look through our unique selection of decorative doorglass.

Custom decorative doorglass

Create your own design

You can customize any of our series or bring your designs to life. The only limit is your imagination! Custom doorglass provides home-owners, architects and builders the ability to create exactly what they want.

1. Choose black, zinc or brass caming.
2. Customize any decorative series with glass from our wide selection of textures.
3. Send us a drawing of your own design.
4. Include Protector or Impact laminated glass to increase safety and reduce sound transmission.

Aspire

Stained glass — Contemporary style

Aspire is a great choice for a 1960s bungalow or a classic-style home. Entrances with a symmetrical layout pair well with this model. A look you can achieve by installing light fixtures on each side of your front door or by adding decorative elements in front of the entrance.

ADA doorglass

Novatech opens the door to everyone

Novatech is proud to be first to market with ADA-compliant doorglass, expanding accessibility without compromising design. Our offering includes two compliant sizes: 22" x 76" white frames for 8' doors and 22" x 60" white frames for 6' 8" doors.

Both options feature 1-lite injection-molded frames and are available in any grilles-between-glass configuration, combining durability, versatility, and inclusivity in one innovative solution.

Door surfaces within 10 inches of the floor or ground must be a smooth surface on the push side extending the full width of the door.

No hardware above 48"

No projections into the opening below 34"

Grilles between glass

Grilles come in a variety of configurations, with 3 width options, 7 color choices, clear glass, and Low-E glass. Our versatile selection is designed to complement your home's style while meeting your energy efficiency needs. Best of all, since the grilles are placed between the glass, they are completely maintenance-free and never require cleaning.

↖ Clear Beveled glass

XDL - Beveled simulated divided doorlites

Bring timeless elegance to your entryway with clear Beveled glass enhanced by precisely molded exterior grilles. Each grille is injection-molded to frame the glass seamlessly, creating the authentic look of true divided lights with the efficiency of a single doorlite. The result is a refined, flush-to-glass finish—no additional bars or applied components needed.

Pet door

Novatech's pet door is the ultimate in convenience for both pet owner and pet! Easy installation allows your pet to enjoy the outdoors on her schedule and return inside without having to bark or scratch at the door to gain your attention.

Features & benefits

- Fits most 2' 8", 2' 10" and 3' steel or fiberglass doors with 6-panel, 4-panel and 2-panel designs
- 23" x 26 ¼" cut out with instructions included
- 10 ½" x 16 ½" opening for pet
- Additional panel included to close flaps and stop entry or exit
- White, paint-ready, raised moulding design
- Panel to door sealant already applied for a tight seal
- Strong, safe and convenient
- For dogs up to 100 pounds

22" x 36"

Vertical accent

A distinctive decorative element, the Vertical Accent enhances the door's design by emphasizing the vertical doorglass. Available in Alunox or black finish, it installs on the exterior surface of the door, directly onto the contemporary hybrid aluminum/PVC frame, creating a refined and cohesive appearance. Its automotive-grade adhesive tape ensures a simple, precise, and durable installation.

Each accent pairs with contemporary hybrid (aluminum/PVC) doorglass frames offered in matching finishes, creating a cohesive and refined look.
